Name and address of employer Technology Reply s.r.l.
Via Bogino, 23, Torino (Italy)
Type of business or sector Directory

Dates 2007 - 2008
Occupation or position held Consultant
Main activities and responsibilities Project leader, Analyst, Programmer. Main technologies: Struts 1.2.x, Echo2, Torque, MySQL, PostgreSQL, EchoCore. Main methodologies: test driven development.
Name and address of employer Concept s.r.l.
Via Tamagno, 3, Milano (Italy)

Dates	2005 - 2007
Occupation or position held	Analyst, programmer
Main activities and responsibilities	Software design and implementation. Technology adoption. I've developed a questionnaire system, a fleet management and booking system (GPS enabled, mobile connected vehicles) and various webapps. I'm helping the company to improve its products quality by introducing new tools and programming techniques. Some customers: Damiani, Ing Direct, Milano Taxi, Emerson, Nordcom. Main technologies: Struts 1.2.x, Echo2, Torque, MySQL, PostgreSQL, EchoCore. Main methodologies: test driven development.
Name and address of employer	Concept s.r.l. Via Tamagno, 3, Milano (Italy)
Dates	2003 - 2005
Occupation or position held	Analyst, developer
Main activities and responsibilities	App design and implementation. I've created a clusterable, parameterizable newsletters system and various webapps. Some customers: IBM, Nestlé, Alfaromeo, Heineken. Main technologies: C# (.net 1.1)
Name and address of employer	Ogilvy Interactive s.r.l. Viale Lancetti, 29, Milano (Italy)
Dates	2001 - 2003
Occupation or position held	Analyst, developer
Main activities and responsibilities	App design and implementation. Team leader. Due to the small size of the company, I've even managed the customers. I've experienced the creation of CMSs and airline ticket selling and alerting systems. Some customers: Volare Group, Minerva Airlines, Vodafone Live (Infovoli SMS). Main technologies: ASP 3 (vbscript), MS SQL, COM+
Name and address of employer	SoftNTT s.r.l. Viale Marelli, 165, Milano (Italy)

Education and training

Dates	2007
Name and type of organisation providing education and training	ESSAP 2007: European Summer School on Agile Programming
Dates	2004 - 2005
Name and type of organisation providing education and training	Università degli studi di Milano - Facoltà di Informatica
Dates	1998 - 2000
Name and type of organisation providing education and training	Politecnico di Torino - Dipartimento di Ingegneria Informatica
Dates	1993 - 1998
Title of qualification awarded	Diploma

Name and type of organisation providing education and training

Liceo scientifico Maurilio Fossati, Rivoli (TO)

Personal skills and competences

Mother tongue(s)

Italian

Other language(s)

Social skills and competences

I have skills for relating to coworkers and for working in teams made of people with different degrees of technical competence.
I have the passion to be up-to-date about technology related arguments: I attend conferences and read books and articles.
I'm used in sharing the gained knowledge with team mates as soon as possible.

Computer skills and competences

Operating systems: GNU/Linux (Gentoo, Debian, Ubuntu)
Languages: Java, C# (a bit), SQL, JavaScript, ASP, VBScript, XML, Groovy (a bit)
Web design: HTML, CSS
Databases: PostgreSQL, MySQL, SQLServer
Application Servers: Tomcat, OC4J
HTTP Servers: Apache, IIS
Various frameworks, libs and tools including: Struts, Torque, Echo2, WingS, Hibernate, Spring, Cobra, JAXB, JRecordBind, JUnit, Ant, Subversion, Trac, Hudson, Eclipse, Jedit, Kettle
Other: Object Oriented Design principles, Design Patterns, Test Driven Development, Service Oriented Architecture

Driving licence(s)

B

Additional information

I've held some talks (Echo2, SoapUI, JRecordBind) at the Milano and Torino Java User Groups.
I've written an article for #152 of DEV, an italian software magazine.
I'm a coordinator of the Torino JUG.
When developing, I mainly focus on code quality and readability. I'm used in testing first (test driven development).

Annexes

I've developed:
An airline ticket booking system.
A clusterable parameterizable newsletters sending system.
A questionnaire system.

A vehicle booking and tracking system.
A SOA based data acquisition system.
Some bots for Internet automatic navigation and data retrieval.
